

# CODE CONSISTENCY INTERPRETATIONS

The Department has implemented Code Consistency teams within all the trades to discuss and interpret gray areas of the Codes to ensure consistency inspections in the field.

These interpretations are documented in a written form and faxed or emailed to you as soon as they are made available.

In order to make this program totally successful we need your assistance in contributing your experience in the field with inconsistent inspections. Here's all you have to do:

## ***JUST STATE THE FACTS!***

# Codes Consistency Interpretation Subscription

The subscription system is designed to automatically send the Interpretation or Q & A documents via a **fax line or an e-mail address.**

This system is not capable of notifying a subscriber that a fax/e-mail document is in the process of being sent. Should you select FAX as your subscription choice, you will need to have a dedicated fax line or an automated phone/fax switch.
